

NOTRE DAME MIDDLE SCHOOL  
*quinceañera*  
ANNUAL REPORT 2010

# Letter from the President

## DEAR NDMS FRIENDS,

We are so grateful for your support and for the many blessings of 2010. We have a very special year ahead of us. During 2011, we will proudly celebrate our 15th birthday, which is a very important rite of passage in the Latino culture, often celebrated by a *quinceañera*. This *quinceañera*, or *quince* as it is called, marks a girl's passage from childhood to adulthood. It is a celebration of life and gratitude to God for goodness abundantly given. We hope you will join NDMS for the magnificent *quinceañera* celebration we will hold on May 7, 2011, to express our gratitude to you, our friends, who have showered us with so many blessings. Watch for more information on our website and in your mail.

During this past year, we were honored to be selected as a *Partner School* by PAVE, an organization dedicated to making excellent educational opportunities possible for low-income families in Milwaukee. Successful Partner Schools have been identified by having shown a fundamental capacity in four critical areas: governance and leadership, financial operations, proven systems that measure and support academic excellence, and strategic partnerships with parents and community organizations. PAVE will be providing resources to NDMS in the areas of improving our academic excellence as well as establishing a vision for the future.

As we continue to work hard and collaborate with other community partners, our sights are set on the future and helping even more promising young women reach their highest potential. Over the past 15 years, a total of 266 students have graduated from NDMS and are now attending some of the area's best high schools and universities – an accomplishment that they once only dreamed of.

Once again, thank you for your many contributions to our thriving organization, we would not be where we are today without your generous gifts of time, treasure and talent. Together we are providing life-changing opportunities to young Latina women and reshaping our community.

God Bless,

Mary McIntosh  
President

# Our Mission

Notre Dame Middle School is a Catholic school for young women sponsored by the School Sisters of Notre Dame. Following in the Christian tradition, Notre Dame fosters respect, responsibility and sharing of personal talents while preparing students for admittance to a college preparatory high school. In a bi-literate (English and Spanish) setting, with emphasis on leadership skills, critical thinking and social justice, young women are empowered to make positive contributions to society.

Three principles guide the educational process:  
**RESPONSIBILITY, REGALO ("GIFT" IN SPANISH) AND RESPECT.**  
Our students live our guiding values everyday.

# Quinceañera

## WHAT IS A QUINCEAÑOS OR A QUINCEAÑERA?

In the Mexican tradition, a Quinceañera is a special celebration and a rite of passage for a girl's 15th birthday, which marks the transition from childhood to young adulthood. The Quinceaños is the 15th birthday and literally, it translates to *quince* (15) *años* (years). The Quinceañera also refers to the birthday girl.

There are many traditions and symbols that give meaning to this special day. The celebration typically begins with a religious ceremony where the birthday girl affirms her faith in front of her family and friends, and also receives gifts such as a rosary, a cross, and a Bible.

The godparents or *padrinos* play a significant role in the Quinceañera celebration, as does the "court" made up of up to seven *damas* (maids of honor) and *chambelanes* (male chamberlains). Other traditions such as changing the shoes from flats to high heels, a special toast or *brindis* and the presentation of a doll, all represent her passage from child to woman. Quinceañera celebrations also always include lots of good food, wine, music and dancing.

## NDMS HISTORY

In 1993, Nativity Jesuit Middle School opened on Milwaukee's Southside with the mission of educating Latino boys as they prepare for their future. That sparked great curiosity in the School Sisters of Notre Dame, Latino families, and many community leaders in Milwaukee to ask the question, "What about the girls?"

The School Sisters of Notre Dame then authorized a feasibility study for a girl's school with the same model. The study found not only a need, but also great enthusiasm for a girl's school and whole-heartedly supported this great new idea to address the educational needs of young Latina women.

And so it began in 1996, with 26 students in 5th and 6th grade. Notre Dame Middle School has now grown to 134 students and is part of the Nativity Miguel Network of Schools. This network has over 64 schools in 27 states, all with a goal of providing strong academic, spiritual and social components that will prepare students to become leaders in their community.

The Graduate Support program also holds an after-school study hall from 3:30–6:00pm, Monday-Thursday and provides mentors and tutors.

## FOR THE FAMILIES
